History of Tea

"Tea" refers to the aromatic beverage prepared from the cured leaves by combination with hot or boiling water, and is the colloquial name for the *Camellia sinensis* plant itself. Tea is one of mostly widely used, after water.

The term "herbal tea" usually refers to an infusion or tisane of leaves, flowers, fruit, herbs or other plant material that contains no *Camellia sinensis*.

History of Coffee

The history of coffee has been recorder as far back as the ninth century. At first, coffee remained largely confined to Ethiopia, where its native beans were first cultivated by the Ethiopian highlanders.

The word "coffee" entered English in 1598 via Italian *caffè*. There are several legendary accounts of the origin of the drink itself.
